LIABILITY WAIVER & END-USER AGREEMENT

Service Provider: Local AI Services **Service Type:** Offline Generative AI Infrastructure Setup

1. PREAMBLE

This Agreement is entered into between **Local AI Services** ("The Provider") and the **Client** ("The User"). The Provider is engaged strictly as a **technical technician** for hardware optimization and software environment configuration. The Provider is **not** a content creator, publisher, or editor.

2. NATURE OF OFFLINE SOFTWARE

The User acknowledges that the software installed (including but not limited to ComfyUI, Flux, Wan 2.1, LTX-2) operates **locally and offline.**

- **No Centralized Filters:** Unlike cloud services (e.g., ChatGPT, Midjourney), this local installation does not contain corporate safety filters.

- **Uncensored Capability:** The system is capable of generating unrestricted content.

- **User Responsibility:** The Provider cannot remotely monitor, censor, or delete content once the installation is complete. The User assumes 100% control and liability for all outputs generated.

3. COMPLIANCE WITH LAWS (INDIA & GCC)

The User agrees to utilize the workstation in strict adherence to the laws of the jurisdiction where the hardware is located.

A. For Clients in India:

The User specifically agrees NOT to violate the **Information Technology Act, 2000** (and 2021 Intermediary Guidelines), including:

- **Section 66E:** Violation of privacy (e.g., capturing/publishing private images without consent).

- **Section 67/67A:** Publishing or transmitting obscene material in electronic form.

- **Deepfakes:** Creating misleading audio/visual content depicting real persons for malicious intent.

B. For Clients in GCC (UAE, KSA, Qatar):

The User agrees NOT to violate local Cybercrime Laws, including:

- Generating content that insults religious values, national symbols, or public morality.

- Defaming individuals or creating fake news content.

4. PROHIBITED USAGE

The User contractually warrants that they will **NOT** use the installed infrastructure for:

1. **CSAM:** Generation, storage, or distribution of Child Sexual Abuse Material.

2. **Non-Consensual Intimate Imagery (NCII):** "Deepnudes" or non-consensual sexual depictions of real people.

3. **Forgery:** Counterfeiting currency, government documents, or biometric data.

4. **Harassment:** Generating targeted content to harass, threaten, or defame individuals.

5. INDEMNIFICATION

The User agrees to **indemnify, defend, and hold harmless** The Provider from any claims, legal liabilities, lawsuits, damages, or government fines arising from:

- The User's creation of illegal or infringing content.

- The User's violation of Model Licenses (e.g., using a non-commercial model for commercial profit).

6. LIMITATION OF LIABILITY

The Provider's liability is strictly limited to the **installation fee paid.** The Provider is not responsible for hardware failure due to thermal stress, nor for data loss during the environment setup process.

I have read and understood the risks associated with Uncensored Offline AI.
